

welcome to

I.T. VEDANT

Decode your dreams

India's most trusted IT training Institute accredited by :

A guide to our Institute Policies

Welcome to the family,

A dream does not become reality through magic; it takes sweat, determination, and hard work

Hard Work + Dedication = 10X more returns

Today is the first day of a beautiful journey of career transformation that we are about to embark on. As we walk on this path together, Itvedant promises utmost care and for each and every student and in turn, we expect your 100% dedication and efforts for an optimal outcome.

Decoding our logo

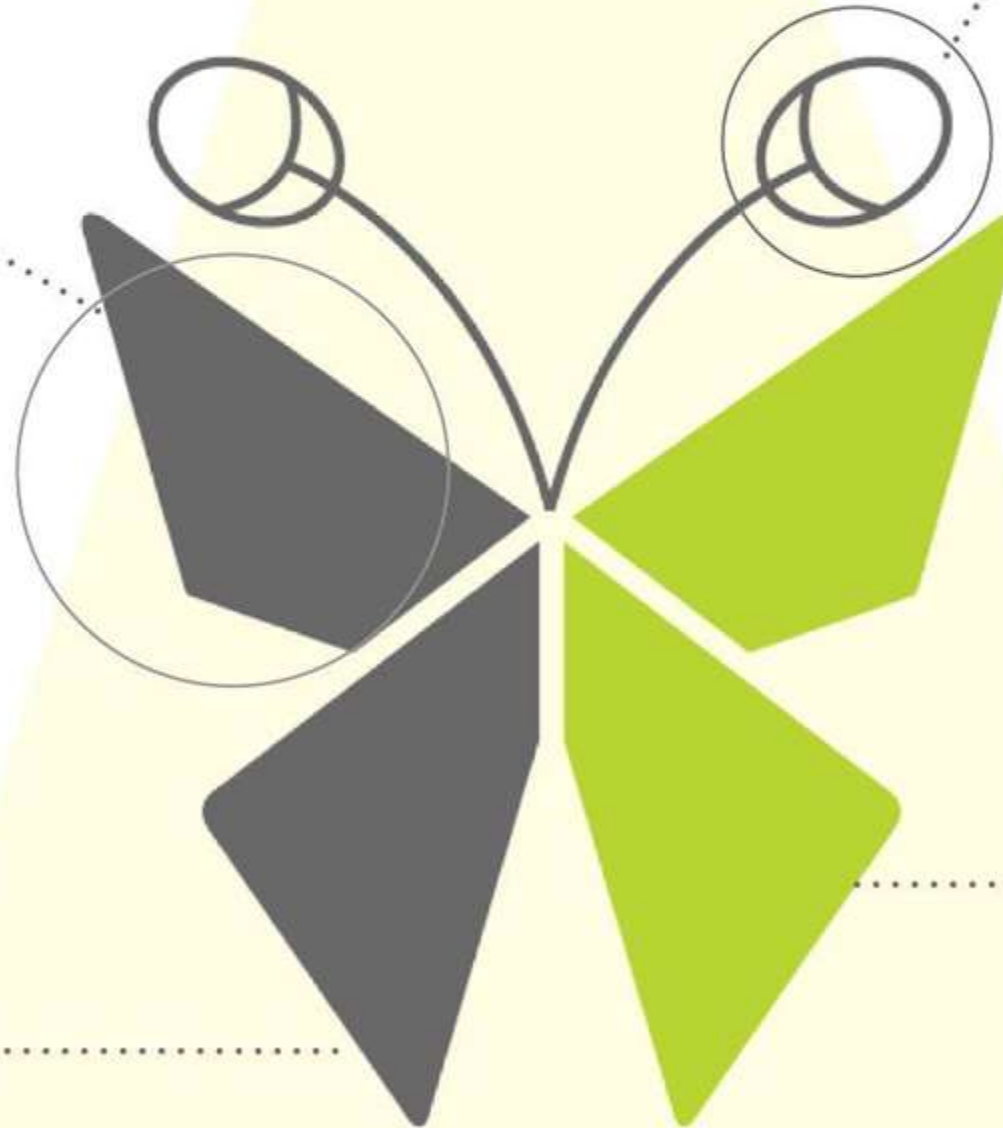

The Itvedant logo is a representation of the future that we envision for you - where you have bloomed into a butterfly.

The wings of the butterfly are a **simplified silhouette of an open laptop**

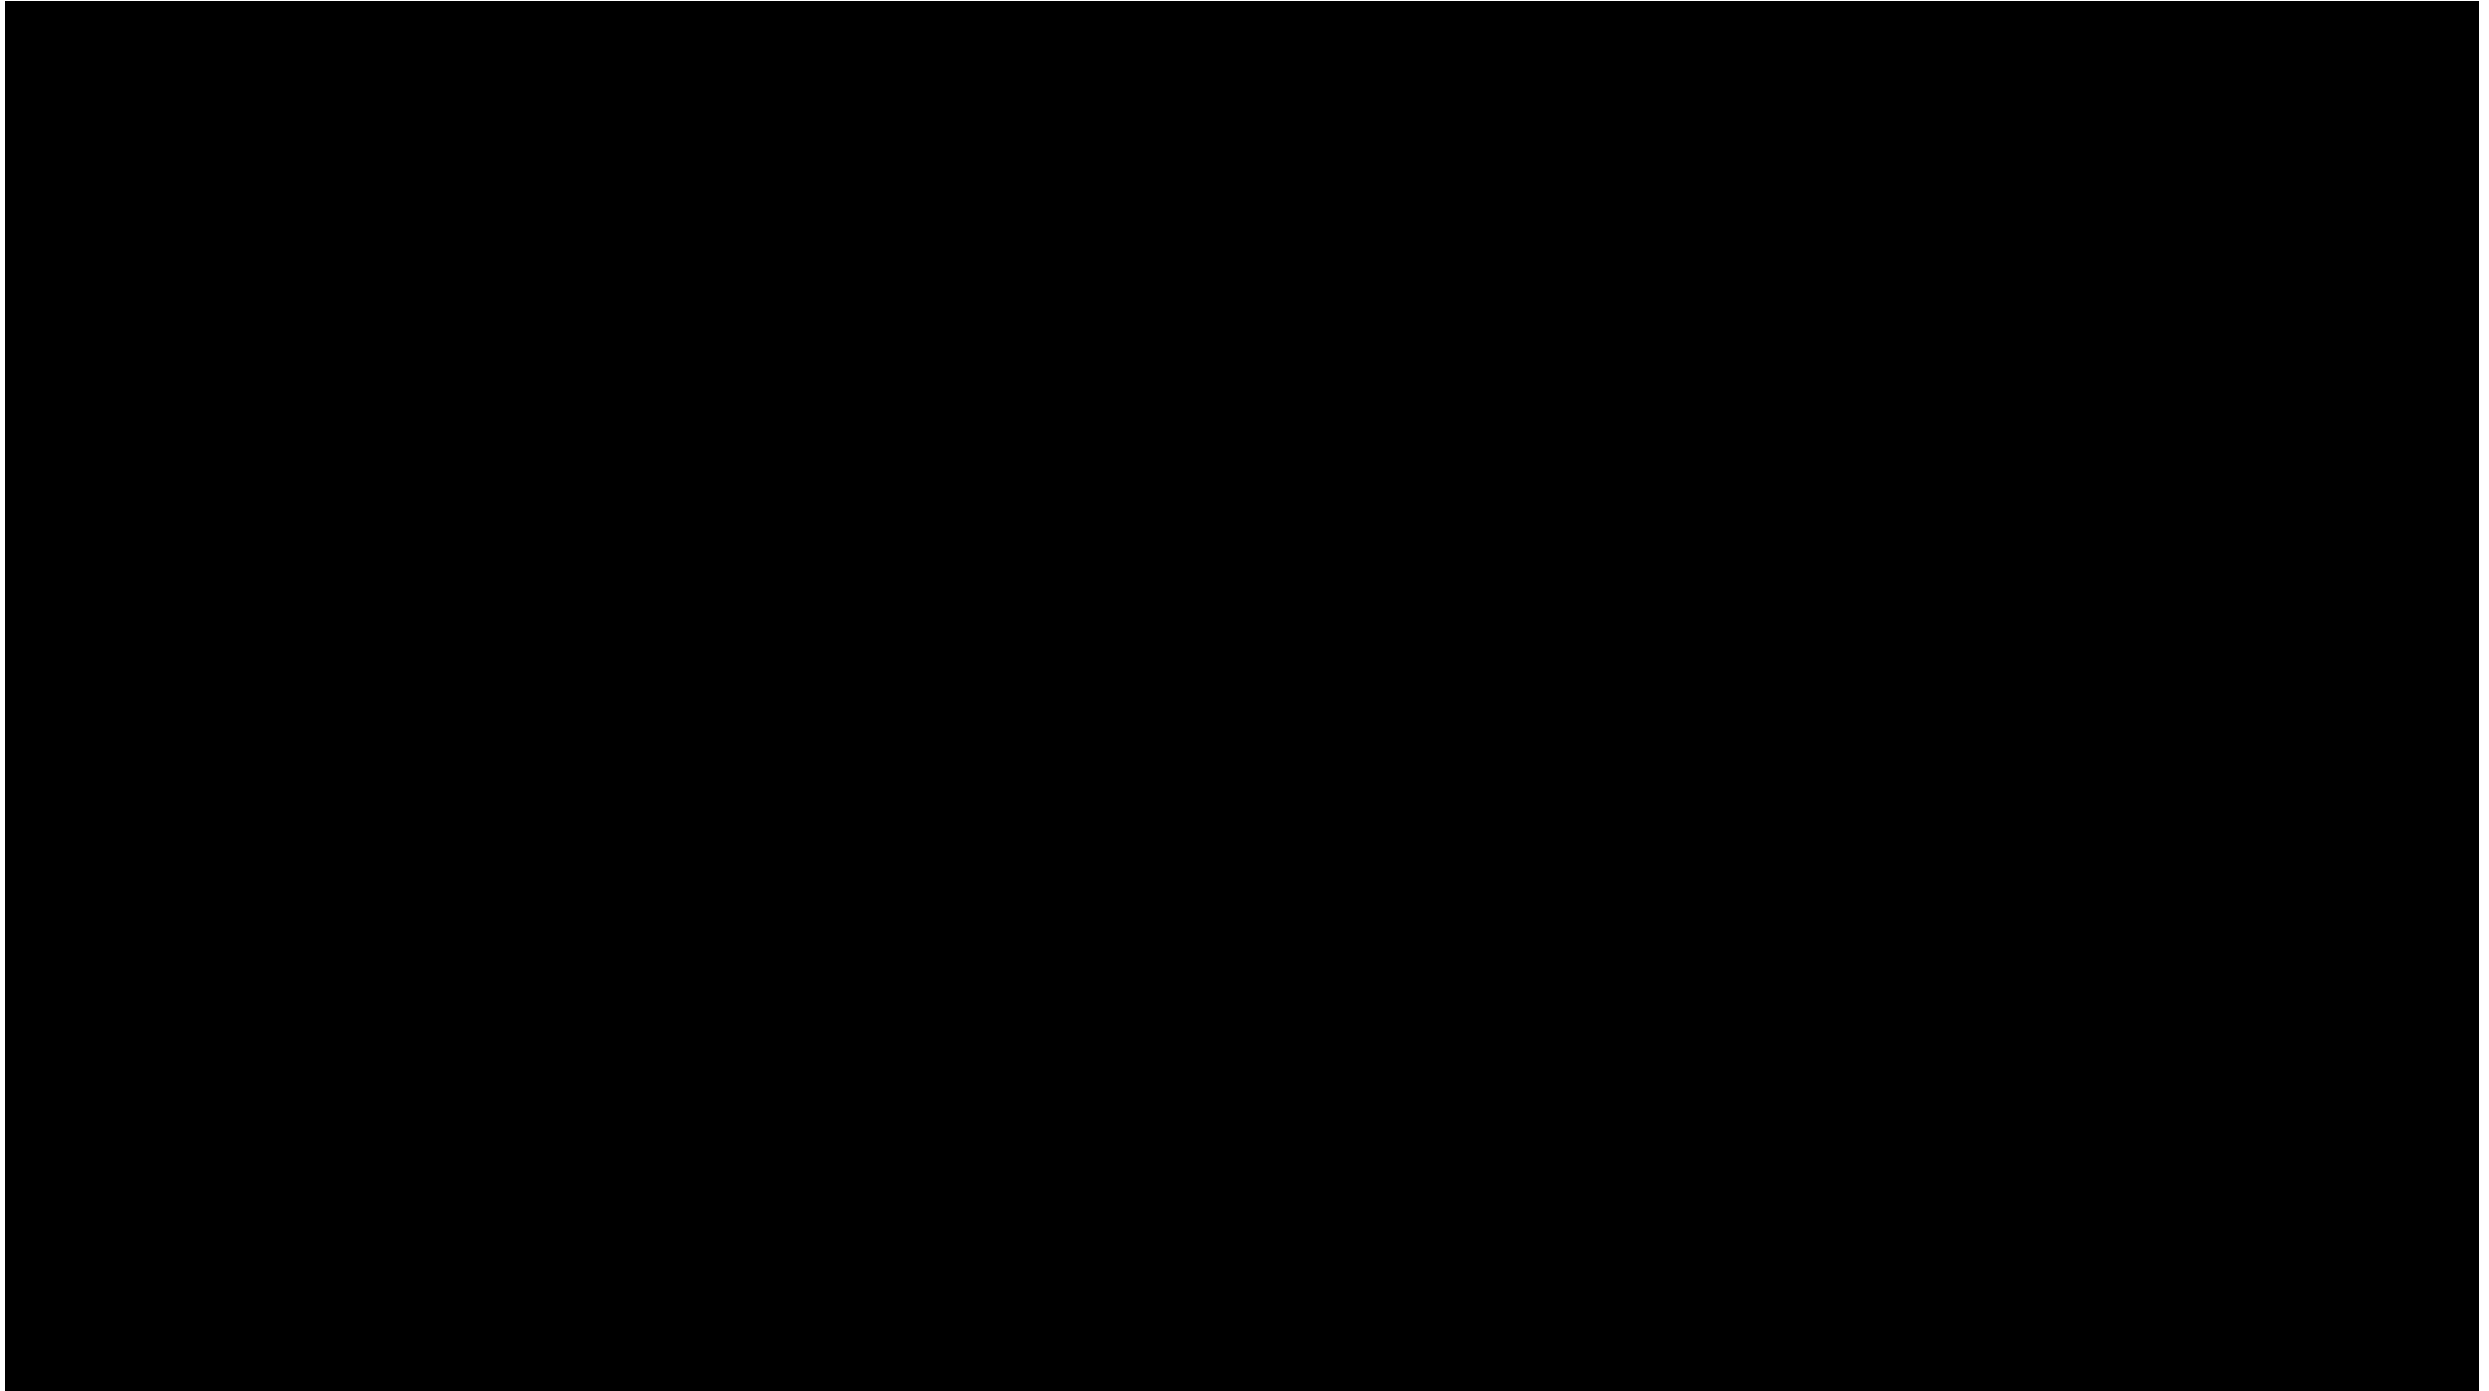

● The antenna of the butterfly visually represent a **computer mouse**

● Green improves **efficiency and focus** of our fresh, energetic Learners

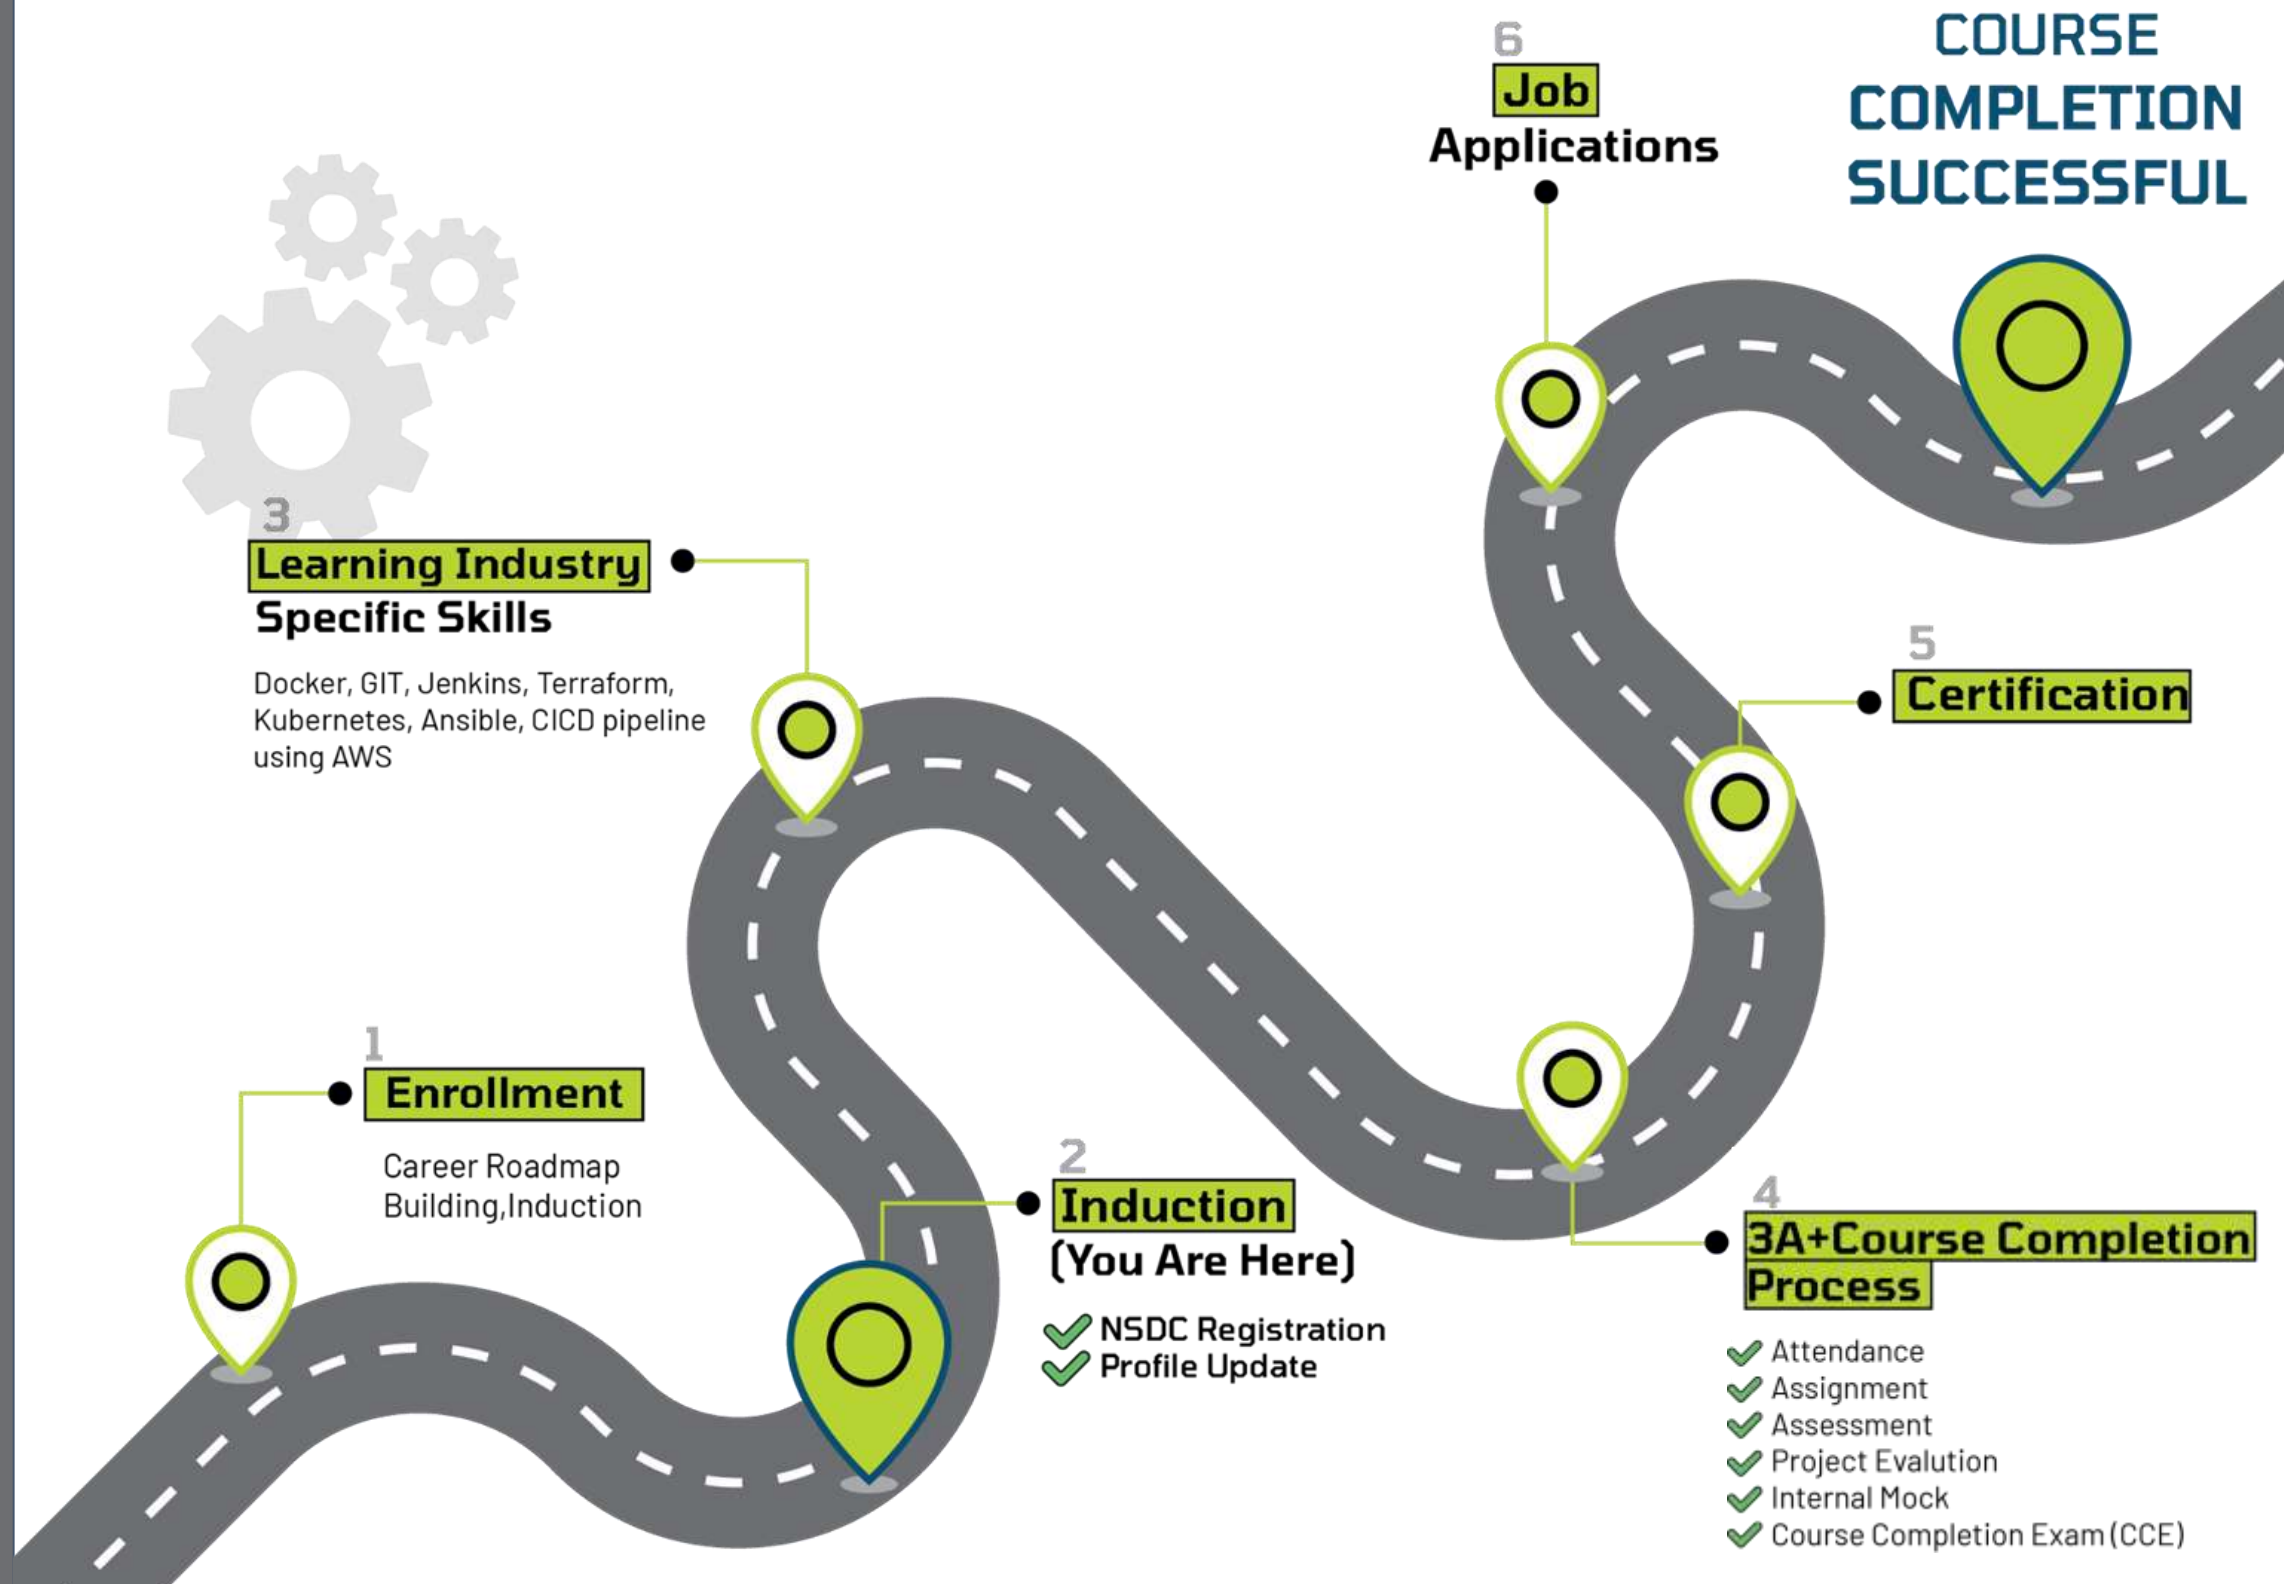

● Grey lends **maturity and wisdom** that Itvedant is proud to have, with 10+ yrs of IT training experience

Student transformation journey...

Roadmap

**LET'S START
THE INDUCTION!**

NSDC Registration

An NSDC certificate enhances your employability by validating your industry-relevant skills and boosting career opportunities.

1 Registration in the first month is mandatory

2 Keep your mobile number and Aadhar card ready

3 Follow the given instructions to complete registration

Cross-check with NSDC to confirm successful registration **4**

1
Attendance

2
Assessment Completion

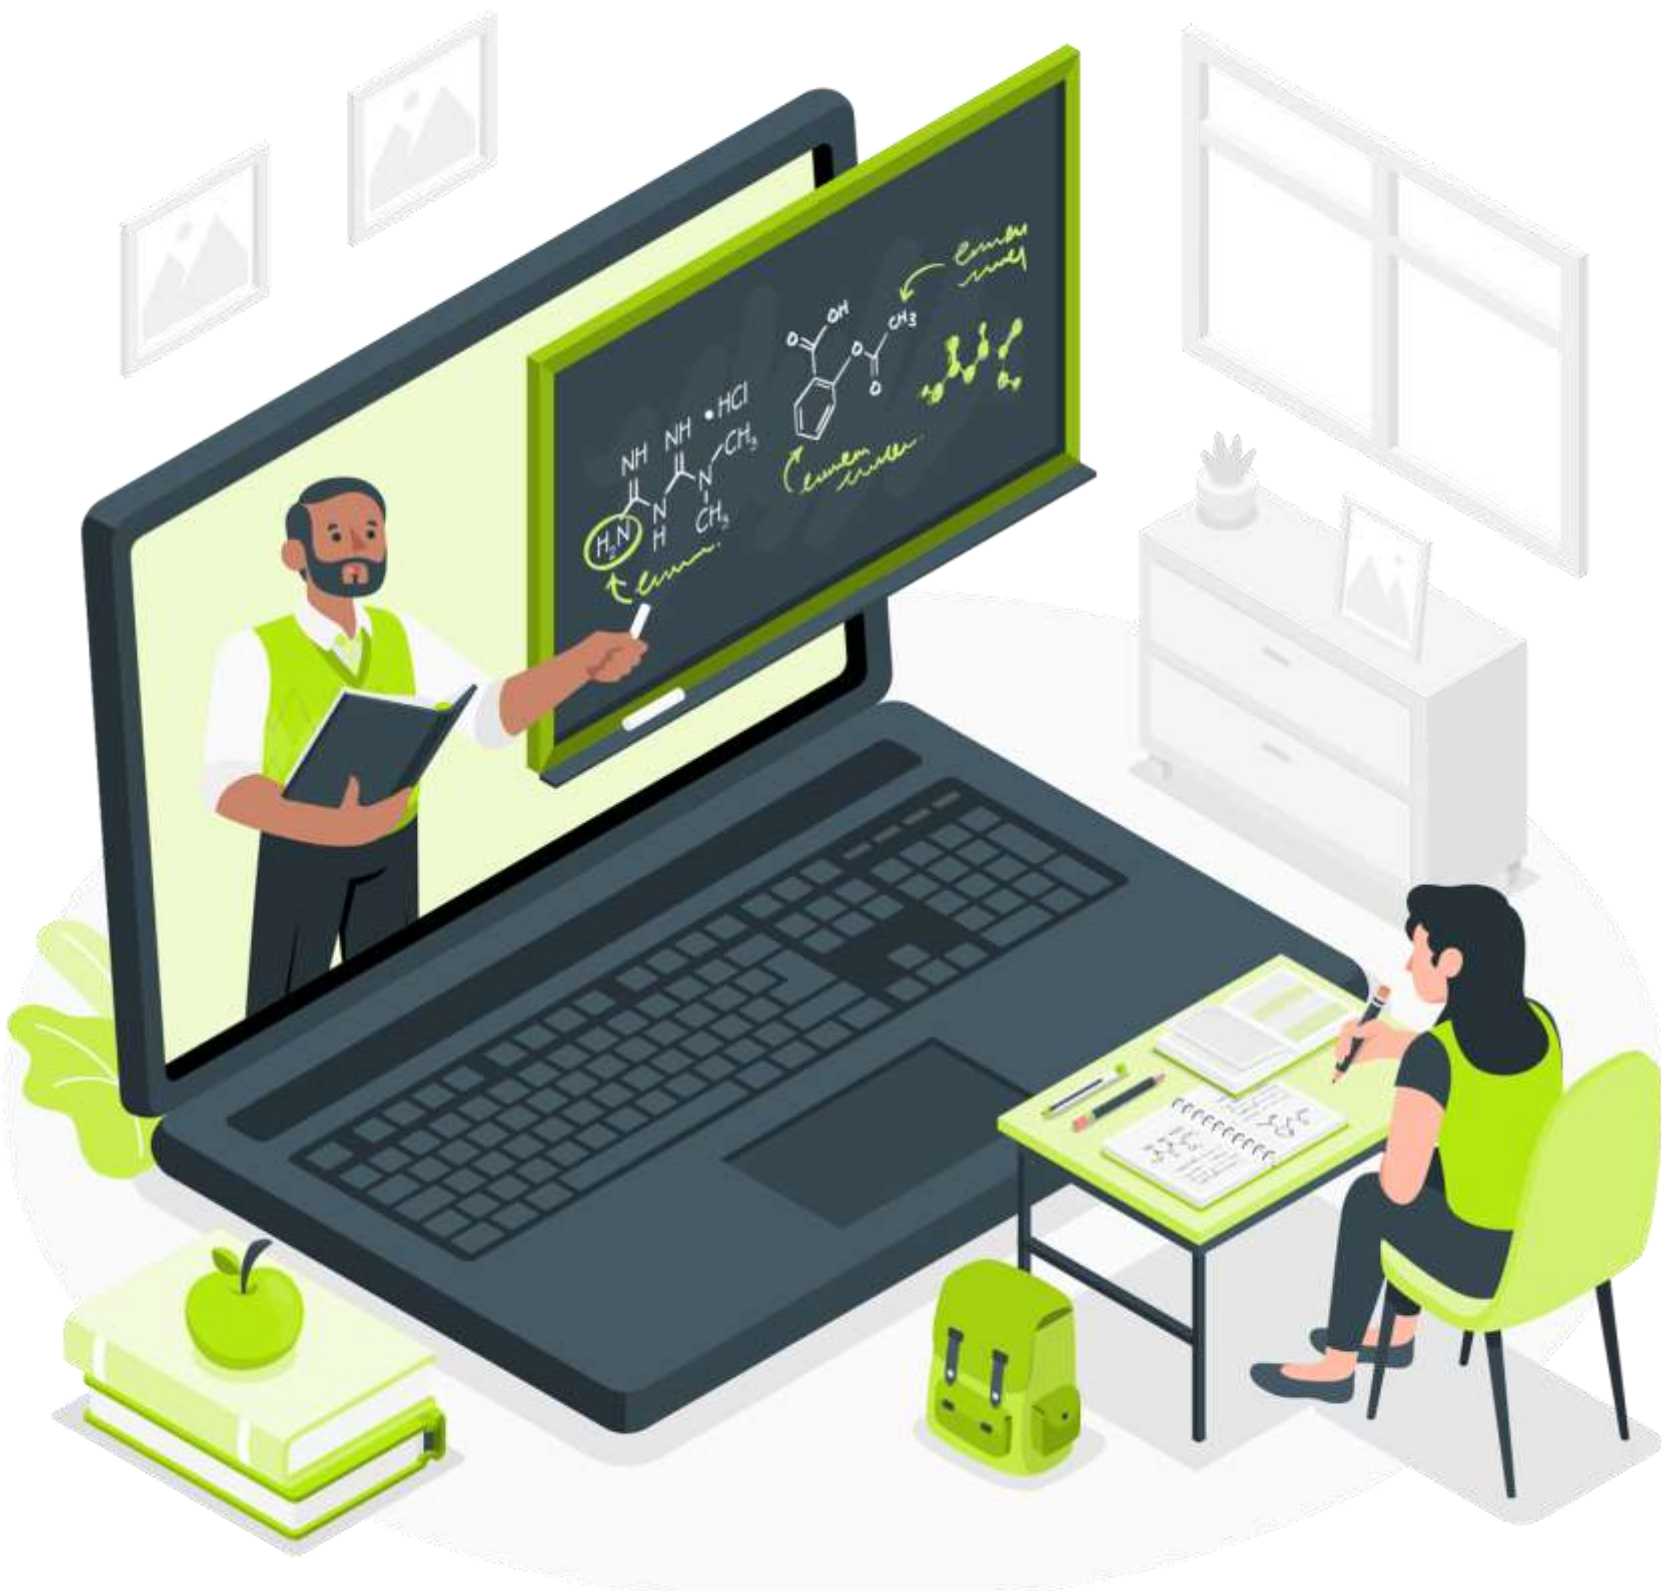

3
Course Completion

NSDC Certificate

Itvedant Web Portal

**HOW YOU WILL
LEARN?**

Learning Process @ Itvedant

Executives Program AWS+DevOps

Essential Modules

0 to 7 Months

- Fundamentals of DevOps
- Journey Begins - CI/CD with Jenkins
- Understanding Docker for Containerization
- Understanding Kubernetes for Orchestration
- Infra as Code with Terraform & CloudFormation
- Playing with Ansible Playbooks
- Real Time monitoring in DevOps

Activities

- Induction Session
- Interview Mastery
- NSDC
- Job Application Training
- Presentation Skills
- Alumni Connect
- Flip Learning
- Aptitude Session

Course Completion Process

1 Month

- IM
- PEM
- CCE

How To Access Content On WingZ

The screenshot displays the WingZ dashboard interface. At the top, a navigation bar includes the WingZ logo and a sidebar menu with options like Dashboard, Assignments, Tests, Interview Question, Job Opening Details, External Jobs, Calendar, Fees Details, and Refer & Earn. The main content area features a progress bar with a green line and a 'Start' button. Below the progress bar, a statistics section shows '26% / 100% Your 3A Score', '0 / 12 Module Completed', and '0 / 0 Missed Attendance'. The 'My Modules' section lists four courses: AWS Cloud Practitioner (Aws C2I), MERN Essentials, Python Essentials, and Fundamentals With SQL, each with a 'Continue Learning' button. The bottom of the dashboard includes a 'RELATIONSHIP MANAGER' section with a profile for Ashika Karlin K and a contact number 8122493958.

**EVALUATING YOUR
PERFORMANCE!**

Assessment Process @ Itvedant

During The Syllabus (3A)

 Masterclass Attendance **10%**

 Digital Learning **20%**

 Assessment **20%**

After Syllabus (Course Completion Score)

 Trainer Mock Interview **15%**

 Project Evaluation **25%**

 Course Completion Exam **10%**

\geq 75%

aggregate to get
Your Course Completion
Certificate

- 1) No re-attempts will be available
- 2) If 75% is not achieved no course completion certificate will be generated.

3A - Attendance, Assignment and Assessment

The screenshot displays the Wingz dashboard for a user named Priyankaa. The interface includes a sidebar with navigation links: Dashboard, My Batch, Progress Card, 3A, Interview Preparation, Job Opening Details, Recommended Jobs, Calendar, Refer & Earn, and My Journey. The main content area features a progress track titled "Hi Priyankaa, Your progress so far." with a message: "You have enrolled for Master in Full Stack Web Development with Python under Job Assurance program." The track shows stages: Start, Profile Building - Bon..., SQL Essentials - Bon..., SQL Professional - Bon..., and Core Web Dev. Below the track, three metrics are displayed: Assessments Score (0.29 / 20), Course Completion Score (35.00 / 50), and Lectures Missed (0 / 0). The bottom section, "Corporate Captain Trainer Sessions," lists four sessions with trainer photos and names: Big Data Engineer Kaustubh, Data Scientist Deep Bhatt, Data Scientist Deep Bhatt, and Big Data Engineer Aman Pathak. The Windows taskbar at the bottom shows the search bar and system tray with the date 08-03-2025 and time 04:47 PM.

Tracking your progress and performance

The screenshot displays the WINGZ dashboard interface. On the left is a dark sidebar with navigation links: Dashboard, My Batch, Progress Card (highlighted with a red box), 3A, Interview Preparation, Job Opening Details, Recommended Jobs, Calendar, Refer & Earn, and My Journey. The main content area has a header with 'Welcome back, Girish!', a Helpdesk icon, a notification bell, and a user profile. Below the header, a '3A Score' card shows '12.29/50'. A table follows, detailing progress for several courses across five categories: Attendance, Assignment + Digital Learning, Assessment, Mock, and Project. The table shows varying levels of completion, with some cells locked (indicated by a lock icon). At the bottom, an 'Exam Score' card shows '0/50'.

	Attendance 8.33/10	Assignment + Digital Learning 3.98/20	Assessment 0/20	Mock	Project

PROFILE SUMMARY

Proficient Data Analyst with expertise in Machine Learning, SQL, Python, and advanced Excel for data manipulation and analysis. Skilled in building insightful dashboards using Tableau and Power BI. Strong knowledge in statistical modeling, data cleaning, and predictive analytics. Holds a degree of bachelor of computer engineering and well experienced in leveraging data to drive business decisions and optimize performance. Interested in business intelligence, process optimization, and scalable analytics solutions.

TECHNICAL SKILLS

Languages and Databases: SQL, Python
Libraries: Numpy, Pandas, Matplotlib, Seaborn
Visualization Tools: Advanced Excel, Power BI, Tableau
Other Skills: Statistics, Data Analysis
Machine Learning: Supervised and unsupervised algorithms

PROJECTS

Medical Insurance Premium Prediction | M.L, Python, Pandas, Scikit-Learn | [GitHub Repo](#)

- Built a machine learning model to predict medical insurance premiums using Random Forest, Decision Tree, XGBoost.
- Performed data cleaning, exploratory data analysis (EDA), and feature engineering, including one-hot encoding for categorical variables.
- Selected XGBoost as the final model based on superior performance with R² Score: 87% and MAE: 2464.63.
- Deployed the project using Streamlit, creating an interactive and user-friendly interface for premium prediction.

Bank Telemarketing Prediction | M.L, Python, Seaborn, Matplotlib, Scikit-Learn | [GitHub Repo](#)

- Developed a machine learning model to predict customer subscription decisions in bank telemarketing campaigns.
- Performed data cleaning, handling missing values, and outlier detection to improve data quality.
- Applied feature engineering techniques such as one-hot encoding, label encoding for better model performance.
- Addressed class imbalance using SMOTE, improving model performance.
- Trained multiple models (Logistic Regression, Decision Tree, Random Forest) and selected Random Forest as the final model with 95% accuracy and 95% F1-score.

Bank Loan Performance and Risk analysis | Excel, MySql, Power BI | [Live Dashboard](#)

- Developed an end-to-end data analysis project for loan analytics using SQL and Power BI, creating a dashboard.
- Utilized SQL to extract and process data from loan records, ensuring accurate and timely reporting.
- Provided detailed breakdowns of funded amounts and repayment rates by region, aiding in optimizing loan offerings and risk management strategies and also used dynamic parameters to adjust loan type, and regions.
- Published the interactive Power BI dashboard, enabling real-time access to loan performance insights for stakeholders.

EDUCATION

UNIVERSITY OF MUMBAI

Guidelines for Placements

01

No Show

Not attending the interviews will result in NO SHOW marking in the portal. You will be debarred after 2 NO-SHOWS.

02

Offer Acceptance

After selection if the offer is not accepted there will not be any further placement services from us

03

Job Application Inactivity

Inactivity in applying for jobs after becoming INTERVIEW READY, for more than 15 days warning mails will be shared and actions will be taken.
